EDUCATION

Gaziantep University

Occupational Health And Safety
Master's Degree
2021-2022

Anadolu University

Civil Engineering
Bachelor's Degree, (%100 English)
2013-2019

Halmstad University

Civil Engineering
Erasmus Mobility Programme
2018-2019

Anadolu University

Computer Programming
Present

COURSES

- Flutter Mobile Development
– Udemy
- Frontend Web Development
– Patika.dev
- Node.js Backend Development
– Patika.dev
- JavaScript Algorithms and Data Structures – freeCodeCamp
- Primavera Project Management Certificate – Akım Mühendislik

SKILLS

- Flutter
- React.js
- Automation & Multi-Agent Workflows
- Firebase
- REST API Integration
- Node.js
- Bluetooth / Embedded Systems (ESP32, Arduino)
- State Management (Provider / Riverpod vs.)
- PDF Generation
- Data Modeling

SUMMARY

Flutter Developer with hands-on experience in building enterprise-level applications including ERP, stock management, and system calculation tools. Currently developing scalable mobile and backend systems at BKS Holding, integrating with Logo Tiger ERP and optimizing business operations. Experienced in Flutter, Node.js, and embedded systems (Arduino, ESP32), with a focus on real-world problem solving and performance optimization.

EXPERIENCE

SOFTWARE DEVELOPER

01.2023 - Present

Bks Holding

- Developed a full-cycle mobile applications for dealers and customers, covering order creation, product configuration, and purchasing processes
- Integrated with Logo Tiger ERP system for real-time purchasing and stock synchronization
- Designed dynamic calculation systems for custom product configurations

SOFTWARE DEVELOPER

2024 - Present

- Developed Flutter-based applications for municipal services, including water usage billing systems, payment integrations, and data visualization dashboards
- Volunteered to design, develop, and publish a Go (Baduk) tournament timer application on Google Play for the Eskişehir Go Players Association
- Published and maintained production-ready applications

CIVIL ENGINEER

2019 - 2022

As a civil engineer, I've gained expertise in managing projects, handling unexpected challenges, and building good relationships with people.
